B2 TENSES ≈ 27 MIN

Future Continuous – *practice on paper*

You can describe future scenes; now reinforce process, plan questions, and parallel activity.

The **future continuous** (will be + -ing) shows an action in progress at a future point; **will** can express a decision made now.

BRICK 3 · FIND AND CORRECT THE MISTAKE · APPROX. 7 MIN

Each sentence contains one error with **be**, **-ing**, or word order. Rewrite it correctly.

02 At noon tomorrow, Omar will be reports checking.

03 While I speak, Nina will negotiating the contract.

04 This time Friday, they will be travel home.

05 I will be next Tuesday with finance meeting.

06 Please call at ten; I will working then.

BRICK 4 · WRITE AN AVAILABILITY MESSAGE · APPROX. 8 MIN

01 Availability: explain what you will be doing at eleven tomorrow.

02 Plan question: ask politely about attendance at a meeting.

03 Parallel activity: describe two teams doing simultaneous tasks.

04 Contrast: write one immediate decision and one later scene.

MINI-CHECK — CAN I DO THIS YET?

- ☐ I form future continuous with will be + -ing.
- ☐ I place the future reference point inside the action.
- ☐ I use plan questions softly and in context.
- ☐ I keep the English verb group together.

Unsure? Draw the future point inside the action.
