BRICK 1 · SORT BY WEIGHT · APPROX. 4 MIN

Sort each English phrase as a clear proposal or tentative idea. Use the key to check its precise effect.

Why not test it with one client?

How about moving the demo to Friday?

What about a pilot in one region?

Shall we ask the design team?

One option is a short trial.

Maybe we could test a smaller group.

I was wondering about a later date.

Might it help to ask Finance first?

Could we perhaps run a short pilot?

It might be worth checking the figures.

BRICK 2 · COMPLETE THE SUGGESTION · APPROX. 6 MIN

- 01 Team planning: Why _____ we try one region? (use don't)
- 02 Schedule: How about _____ the demo? (use moving)
- 03 New option: What if we _____ with two users? (use start)
- 04 Group decision: Shall we _____ Finance? (use ask)
- 05 Recommendation: I _____ choosing Friday. (use suggest)
- 06 Client step: It might be worth _____ Eva. (use calling)

BRICK 3 · CORRECT THE SUGGESTION · APPROX. 7 MIN

Each English sentence contains exactly one common error. Use the cue and rewrite the full proposal.

01 Launch meeting: I suggest to test one market. (use "that we test")

.....

02 Timing: She suggested to wait until Friday. (use "waiting")

.....

03 Budget meeting: Let's discuss about the timeline. (remove "about")

.....

04 New date: How about to move the demo? (use "moving")

.....

05 Price test: Why we don't ask one customer? (use "Why don't we")

.....

06 Client call: It might worth checking the figures. (add "be")

.....

BRICK 4 · WRITE YOUR SUGGESTIONS · APPROX. 8 MIN

Write one English suggestion for each prompt. Match its form and weight to the situation.

01 Team price test: make a clear question with "Why don't we."

.....

02 Date change: give a considered recommendation with "It might be worth."

.....

03 Early pilot idea: leave plenty of space with "I was wondering if."

.....

04 Budget talk: propose a discussion and avoid "discuss about."

.....

MINI-CHECK – CAN I DO THIS YET?

- ☐ I match a question, statement, or tentative idea to the situation.
- ☐ I use a that-clause or an -ing form after "suggest."
- ☐ I put no "about" between "discuss" and its topic.
- ☐ I can make early ideas tentative but still clear.

Still unsure? Name the situation and desired weight before choosing the phrase.

Answer key

Check only when you have finished. Every answer comes with the **why** — the rule matters more than the result.
