BRICK 3 · FIND AND CORRECT THE MISTAKE · APPROX. 7 MIN

Each sentence contains exactly one mistake in the auxiliary, number, participle, or structure. Underline it and rewrite the complete sentence correctly.

01 Expense claims checked by finance every Tuesday.

.....

02 The meeting room was clean by the facilities team yesterday.

.....

03 The parcels were deliver before noon.

.....

04 Visitors are ask to wear badges in the laboratory.

.....

05 The final figures is checked at the end of each month.

.....

06 Here is stored confidential customer data.

.....

BRICK 4 · DESCRIBE PROCESSES AND EVENTS · APPROX. 8 MIN

Write your own English passive sentence for each prompt. First choose present or past, then decide whether a by-agent is useful.

01 A regular office process: describe something that is checked or prepared every morning.

.....

02 A completed milestone: state something that was sent or approved last week.

.....

03 An important agent: write a passive sentence in which a by-phrase adds useful information.

.....

04 An unknown or unimportant agent: report a past event without a by-phrase.

.....

MINI-CHECK – CAN I DO THIS YET?

- ☐ For present processes or facts, I form is/are + past participle.
- ☐ For completed events, I form was/were + past participle.
- ☐ I check that neither the form of be nor the past participle is missing.
- ☐ I add a by-agent only when it provides useful information.

Not secure on every point yet? Mark tense and number first, circle be, and then underline the participle.

Answer key

Check only when you have finished. Every answer comes with the **why** — the rule matters more than the result.
