02 Desk: describe a nearby thing with which.

03 Company: describe a person or thing with that.

MINI-CHECK – CAN I DO THIS YET?

- ☐ I use who for people.
- ☐ I use which for things and animals.
- ☐ I can use that for people or things in everyday English.
- ☐ After everything, I use that or no relative pronoun, not what.

Still unsure? Mark the word before the relative clause first: person, thing, or animal?

Answer key

Check only when you have finished. Every answer comes with the **why** — the rule matters more than the result.
